

Incident Investigation

Course Overview

Identify the root causes of accidents/incidents/near misses with Uniteam’s accident investigation training.

Our accident and incident investigation training will give you a broad understanding of the accident investigation process, looking at the benefits of accident prevention and putting the emphasis on practical training exercises and real-life case studies.

This one-day course will provide Delegates with a broad understanding of the principles and practice of accident investigation

This training is suitable for line managers, supervisors, safety representatives – and anyone with the responsibility for investigating accidents.
